

Master Decostick Removable

Metallic Removable Self-Adhesive Polyester Film

Thickness & Weight

Total: 74µm

Face without adhesive: 55µm

Roll Widths & Lengths

1372mm-45,7m

1524mm-45,7m

Recommended conditions

Printroom 15°C - 30°C, 30% - 65% RH

For use -40°C - 80°C, 10% - 90% RH

For storage 10°C - 20°C, 20% - 50% RH

Shelf Life 24 months after delivery
(under recommended storage conditions)

Compatibility

Mid Solvent

Eco Solvent

Latex

UV

Characteristics

- Same colour effect on both sides
- Removable adhesive, perfect for wet-application
- Cuts perfectly, weeds easily
- Very smooth finish, close to mirror effect
- Corrosion free for outdoor durability
- Silver film up to 3 years outdoor use without fade, Gold & Rose Gold 1 year outdoor use

Applications

- Create double sided displays
- Create bright reflective lettering, logos and designs for shop windows & glass
- Ideal for retail settings, perfumeries, luxury boutiques & Christmas campaigns
- Perfect for temporary metallic point of sale promotions

Post Printing Information for Latex & Solvent Inks:

As with all filmic media, this product must be allowed to "Gas-out" after printing. This can be achieved by leaving the prints face up, ideally for 24 hours, to set and harden the unique scratch resistant properties. If unable to do this e.g. with a long print run, after printing the roll stand it vertically and loosely unwind as much as possible, to allow air in and gases out.
